RE: Docket # 98N-1038

I respectfully request that the labeling requirements for irradiated food remain intact and explicit and that no expiration of the requirements be considered.

I would also like to ask that you not allow new terms like "cold pasteurization" or "electronic pasteurization" instead of calling irradiation what it actually is.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in cursive script that reads "Phyllis A. Sanchez". The signature is written in dark ink and has a long, sweeping tail that extends to the right.
